2022 | FOR A CENTURY

OUR COMMITMENTS

To begin with, there is always the attraction... An irresistible urge to rise up, leaving everything behind to look summits in the eye, tackle a new route, or discover fresh horizons. Sooner or later, this call of the mountains echoes in the ears of athletes. It's in their nature. And it's Millet's *raison d'être*!

Our brand and our vertical community share the mutual commitment of a tightly-rope team that has been continuing its ascent for more than 100 years. The guides, athletes and ambassadors we equip carry our products to the four corners of the world and test them in the severe conditions of their discipline, with the aim of touching summits and stretching their limits. Like them, we constantly target excellence, and we are driven by the urge to innovate and to deliver the best, without compromise. By creating transgressive new

concepts, selecting revolutionary materials, and applying a modern vision of sporting disciplines, our Research & Development Department rolls back the frontiers of design to provide sportspeople with garments that are more lightweight, technical, breathable and comfortable. Lastly, because the mountains around us are fragile playgrounds that we must absolutely protect, we commit daily to reducing our environmental footprint. Conscious of our business's impact, we strive to develop durable products that are kind to the environment, as highlighted by our «Rising Change» CRS strategy.

These guiding principles are our bedrock, underpinning the values we have proudly championed each day for the past 100 years.

**OUR COMMITMENT TO RISE UP IS
WHAT WE SHARE WITH YOU!**

Au départ, il y a toujours cette attirance... Une irrésistible envie de s'élever qui pousse à tout quitter pour tutoyer les sommets, défier une nouvelle voie ou découvrir de nouveaux horizons. C'est l'appel de la montagne qui résonne tôt ou tard à l'oreille des pratiquants. C'est leur nature et... C'est la raison d'être de Millet !

Notre marque et la communauté verticale partagent un engagement réciproque, de cordée soudée qui poursuit son ascension depuis déjà plus de 100 ans. Les guides, athlètes, ambassadeurs que nous équipons, portent aux quatre coins du monde nos produits et les éprouvent dans les conditions sévères de leur pratique avec l'ambition d'atteindre les sommets et de dépasser leurs limites. Comme eux, nous visons en permanence l'excellence, et nous sommes portés par la volonté d'innover et d'offrir le meilleur, sans faire de compromis. Par la création de nouveaux concepts transgressifs, la sélection de matières révolutionnaires et la vision moderne des pratiques, notre département Recherche et Développement repousse les frontières de la création pour apporter plus de légèreté, de technicité, de respirabilité et de confort d'utilisation au sportif. Enfin, car les montagnes qui nous entourent sont de fragiles terrains de jeu qu'il nous faut absolument préserver, nous nous engageons au quotidien pour réduire notre empreinte écologique. Conscients de l'impact de nos activités, nous travaillons sur le développement de produits durables et respectueux de leur environnement au travers de notre stratégie RSE «Rising Change».

Ces lignes directrices sont le fondement de ce que nous sommes et des valeurs que nous portons fièrement chaque jour, depuis maintenant 100 ans.

C'EST NOTRE ENGAGEMENT RISE UP QUE
NOUS PARTAGEONS AVEC VOUS!

A complete offer for each sport.

Une offre complète par activités.

MOUNTAIN EXPERT

SEGMENTATION

Our mission is to cater to all categories of mountain lovers, reliably and sustainably, providing high performance products to help them achieving their goals, regardless of their performance level.

To better serve them, we have implemented a new segmentation:

MOUNTAIN EXPERT

MOUNTAIN SPORTS

HERITAGE

This segmentation defines a clear design language, and structures our product offer as well as our sales and distribution strategy.

Notre mission est de répondre d'une manière durable aux besoins de tous les amoureux de la montagne, en leur offrant des produits hautement performants pour qu'ils puissent atteindre leurs objectifs, et se dépasser à tous niveaux.

Afin de mieux les servir, à partir de 2022, nous implémentons une nouvelle segmentation :

MOUNTAIN EXPERT

MOUNTAIN SPORTS

HERITAGE

Ceci servira à établir un language de conception clair et mieux structurer notre offre produit ainsi que notre stratégie de vente et de distribution.

Challenged up to the highest summits, and in the most extreme conditions that alpinists can face, the products in the MOUNTAIN EXPERT collection are the acme of Millet brand know-how. Developed and tested in the heart of the Alps, this range is the brand's finest technical and innovative response to the extreme commitment our athletes display. Like them, we constantly roll back our limits to reach for the highest level of performance.

Mis à l'épreuve dans les plus hautes montagnes et affrontant les conditions les plus extrêmes que les alpinistes puissent rencontrer, les produits de la gamme MOUNTAIN EXPERT sont la quintessence du savoir-faire Millet. Développée et testée au cœur des Alpes, cette gamme est notre réponse la plus technique et innovante pour satisfaire les besoins d'engagement absolu de nos athlètes. Comme eux, nous repoussons constamment nos limites pour atteindre le plus haut niveau de performance.

WE'RE ALL SKIERS

**OUR SKI TOURING PRODUCTS FLOW FROM
INNOVATION AS THE PRIME GENERATOR OF
PERFORMANCE**

Whether heading up or downhill: sport ergonomics, complete accessorization, stretch build, lightness, compressibility, breathability and moisture wicking are the key attributes to make light of upward effort and rise comfortably towards your target.

NOS PRODUITS SKI TOURING S'INSCRIVENT DANS UN CADRE OÙ L'INNOVATION EST PREMIÈRE GÉNÉRATRICE DE PERFORMANCE

Aussi bien à la montée qu'en descente. Ergonomie sportive, accessoirisation complète, construction stretch, légèreté, compressibilité, respirabilité et transfert d'humidité, sont ainsi des éléments clés pour se jouer de l'effort à la montée et s'élever confortablement vers son objectif.

To offer you the best ski experience we put insulation, resistance, comfort and safety at the heart of our FREE TOURING development to equip our products with all the technologies that will allow you to just focus on the pleasure of riding.

Pour vous offrir des descentes fluides, isolation, résistance, confort et sécurité sont au cœur de notre développement FREE TOURING pour doter nos produits de toutes les technologies qui vous permettront de vous focaliser uniquement sur le plaisir de glisser.

LOWIMPACT

As part of the rising change program, our goal is to become a regenerative company, and all that depends on our will to develop environmentally friendly and durable products in a circular system. We aim at reducing our use of materials while sourcing renewable ressources, thus taking a moderate approach to minimize our impact on the environment.

SINCE 2013, WE USE AN INTERNAL LABEL
CALLED LOW IMPACT, HIGHLIGHTING OUR
MOST RESPONSIBLE PRODUCT DESIGNS.

Dans le cadre de notre stratégie Rising Change, nous avons l'objectif de devenir une entreprise régénérative. Cela passe par la volonté de développer des produits plus circulaires, durables et les moins impactant pour pratiquer nos activités outdoor favorites. Nous devons réduire l'utilisation de matières et aller chercher des ressources renouvelables pour devenir plus sobres et minimiser notre impact sur le climat.

NOUS UTILISONS DEPUIS 2013, UN LABEL INTERNE,
LOW IMPACT, QUI MET EN AVANT NOS PRODUITS
LES PLUS RESPONSABLES.

Furthermore, we have extended our commitment, replacing our former label with a comprehensive approach to the transparency of our supply chain for our customers and end consumers.

Pour aller plus loin, nous avons décidé d'élargir notre engagement LOW IMPACT, en remplaçant l'ancien label, par une démarche globale de transparence de notre chaîne de production, en direction de nos clients et consommateurs finaux.

ALL OUR PRODUCTS ARE NOW LOW IMPACT.
L'ENSEMBLE DE NOS PRODUITS SONT AUJOURD'HUI LOW IMPACT.

This label is represented by a unique tag, present on all products, and which allows the consumer to access, via a QR code, the concrete criteria allowing to evaluate the environmental and social impact of his product.

Ce label est concrétisé par une étiquette unique, présente sur tous les produits, et qui permet au consommateur d'accéder, via un QR code, aux critères concrets permettant d'évaluer l'impact environnemental et social de son produit.

LOW IMPACT CRITERIAS ARE AS FOLLOWS:

- PRODUCT MANUFACTURED FROM RESPONSIBLE MATERIALS
- PRODUCT MANUFACTURED FROM HAZARDOUS FREE CERTIFIED MATERIALS (OEKO-TEX® / BLUESIGN®)
- PRODUCT MANUFACTURED FROM SUSTAINABLE AND DURABLE MATERIALS TESTED IN OUR OWN LABORATORY
- PRODUCT MANUFACTURED WITH PFC-FREE WATER-REPELLENT FABRICS
- PRODUCT CAN BE REPAIRED IN OUR WORKSHOP
- PRODUCT ASSEMBLED WITH SOLVENT-FREE ADHESIVE (APPLIES TO FOOTWEAR ONLY)
- VEGAN PRODUCT (APPLIES TO FOOTWEAR ONLY)

LES CRITÈRES LOW IMPACT SONT LES SUIVANTS :

- PRODUIT FABRIQUÉ À PARTIR DE MATERIAUX RESPONSABLES
- PRODUIT FABRIQUÉ À PARTIR DE MATERIAUX CERTIFIÉS SANS SUBSTANCE CHIMIQUE CONTROVERSÉE (OEKOTEX® / BLUESIGN®)
- PRODUIT FABRIQUÉ À PARTIR DE MATERIAUX DURABLES ET RÉSISTANTS, TESTÉS DANS NOTRE LABORATOIRE
- PRODUIT AVEC UN TRAITEMENT DE DÉPERLANCE SANS PFC
- PRODUIT QUI PEUT ÊTRE RÉPARÉ DANS NOTRE ATELIER DE RÉPARATION
- PRODUIT ASSEMBLÉ AVEC DE LA COLLE SANS SOLVANT (FOOTWEAR UNIQUEMENT)
- PRODUIT VEGAN (FOOTWEAR UNIQUEMENT)

FIGURES AT A GLANCE - QUELQUES CHIFFRES

IN FW22, MILLET HAS DOUBLED ITS USE OF RESPONSIBLE MATERIALS.
SUR LES COLLECTIONS HIVER 2022, MILLET A DOUBLÉ L'UTILISATION DE MATERIAUX RESPONSABLES.

93%

OF OUR FABRICS ARE OEKO-TEX OR BLUESIGN CERTIFIED
DE NOS MATERIAUX SONT CERTIFIÉS OEKO-TEX® OU BLUESIGN®

96%

OF OUR WATER-REPELLENT FABRICS ARE PFC-FREE
DE NOS MATERIAUX AVEC TRAITEMENTS DE DÉPERLANCE SONT SANS SUBSTANCES PERFLUORÉES (PFCs)

80%

OF OUR VOLUMES COME FROM AUDITED FACTORIES BY EXTERNAL AGENCY, TO ENSURE BEST CORPORATE SOCIAL RESPONSABILITY AND ENVIRONNEMENT PRINCIPES AND STANDARDS.
DE NOS VOLUMES SORTENT D'USINES AUDITÉS PAR UNE TIERCE PARTIE, PERMETTANT DE VÉRIFIER LES PRATIQUES SOCIALES ET ENVIRONNEMENTALES.

NEVER OUT OF STOCK

A product should meet the needs of the consumer. Then, this product should be engineered with its complete lifecycle in mind, to carry sustainability and ethics, and to create a closed-loop system.

Following this principle, we are transitioning to a stabilization of our collections, to implement better quality and timeless products, all the while taking some of the pressure off the supply chain and off the environment.

IN 2022, WE LIVE UP TO THIS ONGOING COMMITMENT THROUGH A LIST OF 17 MILLET PRODUCTS ON WHICH WE UNDERTAKE TO KEEP STOCK FOR AT LEAST 2 YEARS (4 SEASONS).

Un produit ne doit exister que pour répondre aux besoins d'un pratiquant. Mais il est essentiel que ce produit soit suivi tout au long de son cycle de vie pour le rendre plus durable, plus vertueux et tendre vers la circularité.

Pour aller dans ce sens, nous sommes en transition vers une stabilisation de nos collections, qui intègre des produits plus qualitatifs, plus intemporels, tout en réduisant la pression que cela peut engendrer sur la chaîne de production et l'environnement.

EN 2022, NOUS CONCRÉTISONS NOTRE DÉMARCHE EN PROPOSANT UNE LISTE DE 17 PRODUITS MILLET POUR LESQUELS NOUS NOUS ENGAGEONS À TENIR UN STOCK MINIMUM SUR UNE DURÉE D'AU MOINS 2 ANNÉES/4 SAISONS AU SEIN DE NOS COLLECTIONS.

This may seem like a minimal commitment at the collection level, but it constitutes the first step towards an ambitious future for the Millet Mountain Group, where part of the collection runs on an annual basis.

- **These are versatile products that meet a broader range of consumers and needs.**
- **They are timeless so you will want to wear them often and keep them for as long as possible!**
- **Managed on an annual basis, this production of carry-over products helps to keep inventory and fabrics scraps to a minimum, and thus, reduce the overall footprint of our production all the while ensuring stock availability to our customers.**

Cet engagement peut paraître minime à l'échelle de nos collections, mais c'est un premier pas vers l'ambition future du Millet Mountain Group pour une annualisation d'une partie des collections.

- Ces produits sont des produits polyvalents et répondent à des besoins plus larges et plus adapté à tous les consommateurs
- Ils sont intemporels, pour que vous ayez envie de les porter le plus souvent possible et de les garder longtemps !
- Cette production annualisée et reconduite permet de limiter les risques d'invendus et de chutes de matières, donc de réduire l'impact global de notre production, tout en garantissant un stock disponible pour nos clients.
